

ARC 6818 Assignment 5 Proposal: Mavis Jin

image source: <https://cameoglassuk.co.uk/wp-content/uploads/2016/06/FLIGHT-PATH-1.png>

A study of flight paths across the globe in the past year:

- Examine locations flown and the frequencies of the flights
- Determine a trend and try to fill in gaps in dataset if there are any
- Visualisation of flight paths on global map

Data Source:

<https://openflights.org/data.html>

Python Libraries:

- Pandas
- Numpy
- Matplotlib
- Basemap
- Geopandas
